

FROM THE PRINCIPAL'S DESK

Dear Parents,

It has been an eventful & busy month both for children and staff with children of class 10th appearing in CBSE board examinations while rest busy settling down for the new academic year 2023-24.

We are indeed happy to inform parents / Guardians that our persistent hard work with diligence has paid off with approval of senior secondary level by CBSE board from academic year 01 April 2023. We as DPS family are happy to welcome first batch of class XI students to the portals of the school. We seek support and good wishes of wider family of DPS Amaravati to mould and guide the children to be successful in their journey ahead. We take great pleasure in informing the parents that DPS Amaravati had met all norms and beyond for Affiliation by CBSE board to impart education in meaningful way to all present and future generation of students of DPS Amaravati. Our compliments to one & all who worked with single devotion to help CBSE Senior secondary level Affiliation.

The month of March also saw conduct of 'interactive sessions with the Art of Living'. Awareness on Pragna Yoga (The intuition process) for the students, know your child programme for the parents and teachers' programme for the teaching staff which were conducted by well known experts in their respective fields.

Academic year 2022-23 also culminated with students performing well in both academics & other activities. Parents were also Informed of the academic plan for the academic year 2023-24, the facilities added and purpose of the same with assessment tools, the need to work together towards the child's all-round development.

The icing on the cake is the end of the academic year programme by our tiny kindergartners in their graduation ceremony & promotion to Class 1.

We as a school are committed to bring all our students a great year of exhilarating experience with opportunities to learn and explore in the new academic year 2023-24.

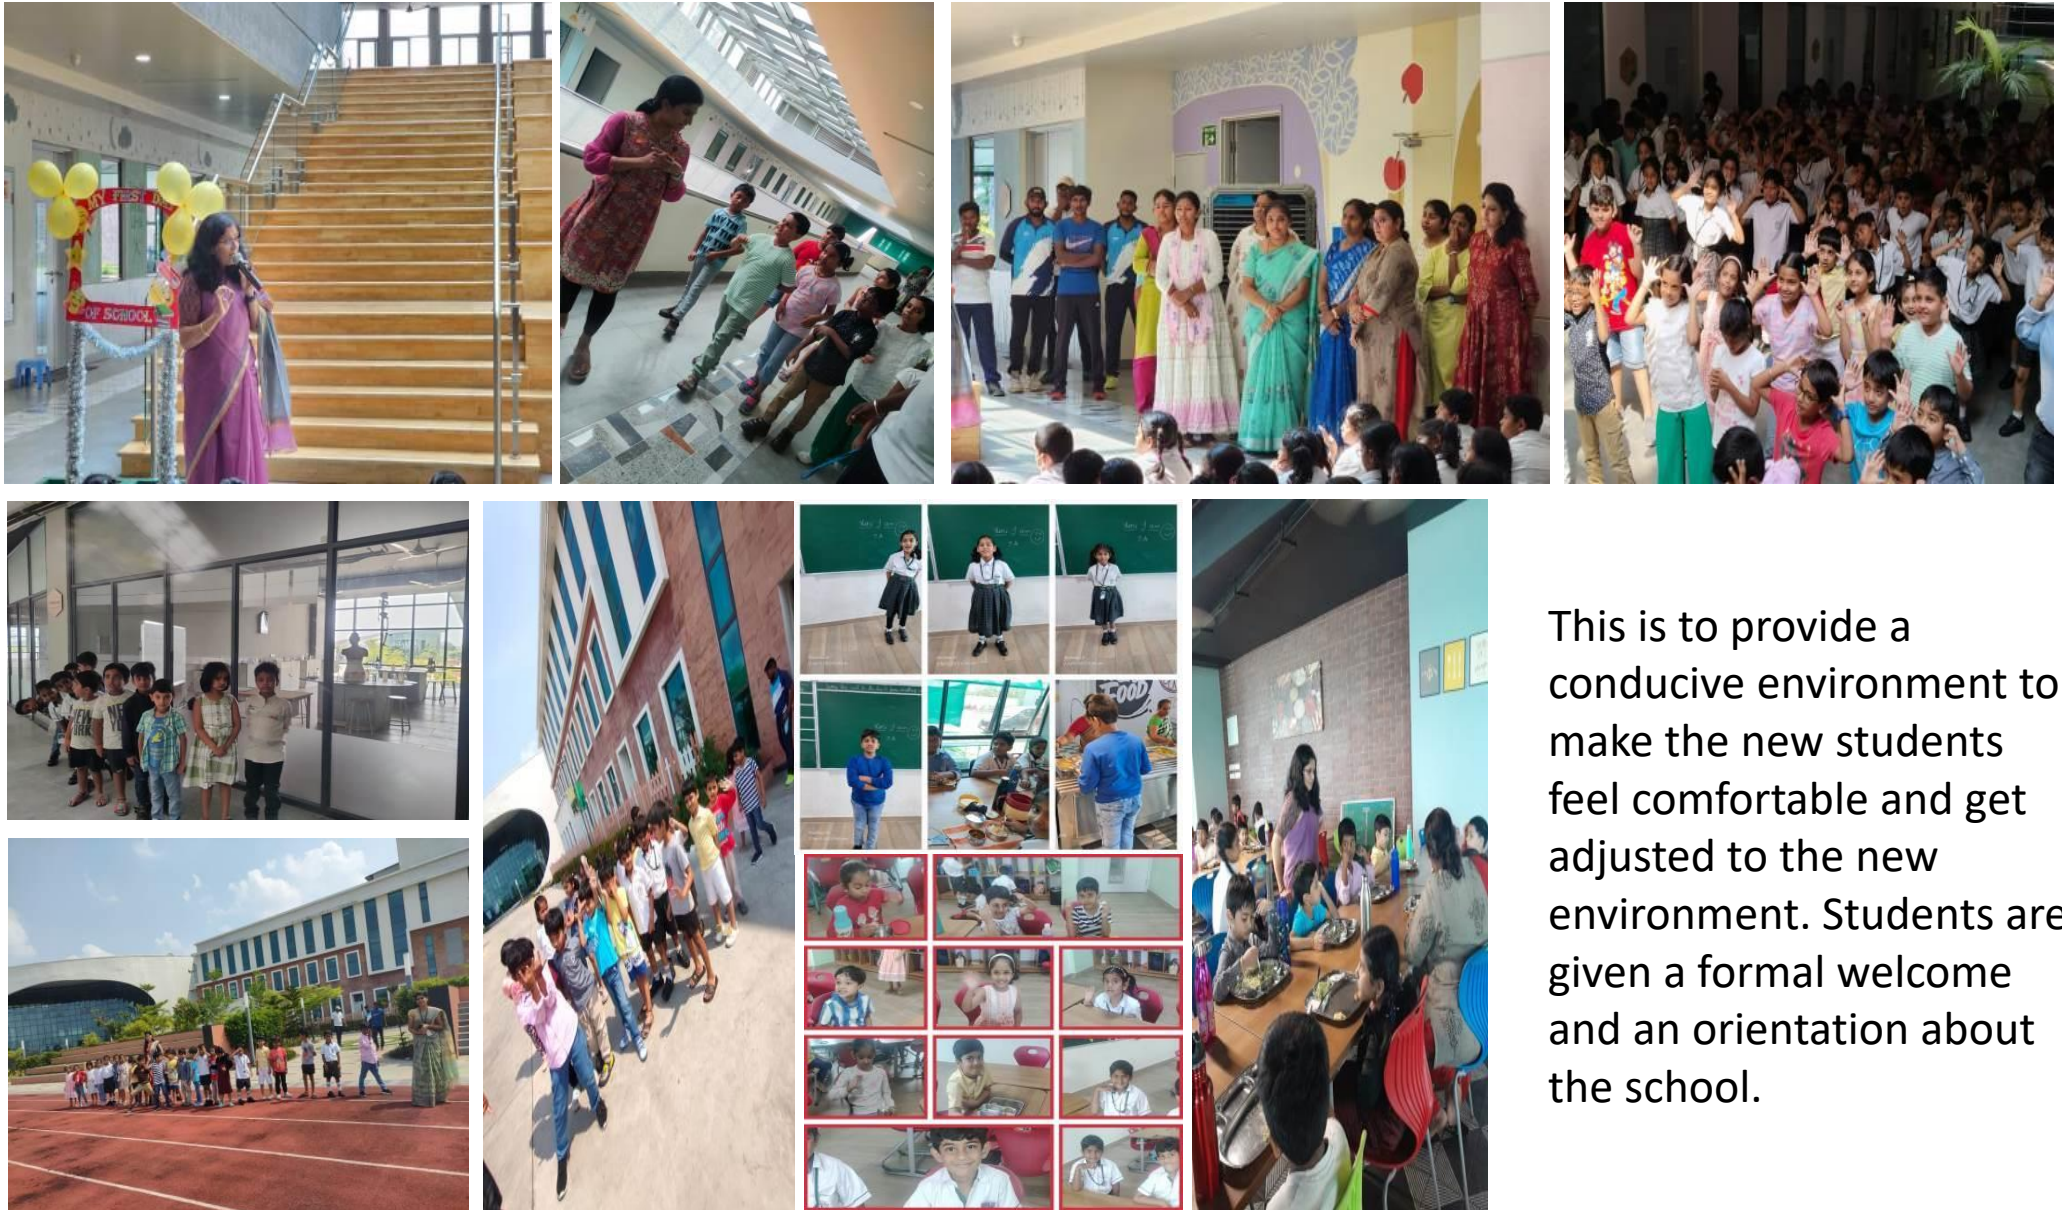

All work and no play makes children dull boys/girls and our continued endeavour is to make each one of them enjoy outdoor activities to not only remain fit but help in all-round development with holistic personality.

Wish everyone a fruitful & fun frolic academic year 2023-24. May god be with you all!

Jai Hind.

New Students in DPS 2023 - 2024

This is to provide a conducive environment to make the new students feel comfortable and get adjusted to the new environment. Students are given a formal welcome and an orientation about the school.

CCA

Earth Day

With the effects of climate change becoming more evident every year, it's clear that living a greener life style is more important than ever.

Earth day is celebrated with a view to raise awareness about the need of the hour to conserve nature and take a pledge to sustain the greenery of the globe. The school has initiated to create awareness among pupils theoretically and to make the participate in the plantation. The students having understood the necessity for sustaining greenery, have taken an oath protect the 'Mother earth'.

MPT

Riposte

Amidst the cheerfulness, showers of joyfulness and smiles, the first outgoing batch of class-X has been given a farewell. Class-IX students have toiled to make the day memorable to the first batch of our school.

Flea Market

A child should also be taught how hard it is to earn before he/she spends. Flea market is an opportunity provided to children to escalate their skills of planning, implementation, strategy designing, convincing and many more other skills that are necessary for a marketing expert. It is not only a chance for them to earn their first income but also to be aware of how one's parents toil to earn money. With all the above mentioned views Our school has initiated to set a day aside for the flea market. The students actively set up their stall, here the support and encouragement of the parents is much appreciated, besides putting forward a theatrical show of dramas, poem recitation, story telling, singing and music. The event had turned out to be a successful one with participation of maximum number of parents and students.
