

FROM THE PRINCIPAL'S DESK

News line, 2023-24 of DPS Amravati, endeavours to showcase events and activities that constantly take place, to maintain the tempo of happy learning with thrust on activity based learning, at the school and beyond.

We celebrated our first Annual day on the 2nd February, 2023 with our DPS families on the 2nd February 2023. Our distinguished chief guests were Mr.SVS. Lakshmi Narayana, Mr.G .Narayana Murthy and Mr. P. Rama Chandra Raju . Along with eminent speeches by the guests, Annual report 2022-23 was presented by me and our future plans to add more international standards to the infrastructure were shared on the occasion by Mr.Chukkapalli Ramesh .Theme 'spectrum of life' was evoked throughout the event through music, singing, dances, skits and fashion show reflecting the diversity of life on earth and the need for peaceful co-existence. The vibrant event showcased excellent performances by our students and was a celebration of where we have reached as a DPS Team so far.

Irrespective of the busy schedules we generate creative ways for our children to try different activities .Extra-curricular activities in February included Pottery design, Garden, Mock parliament and making of bouquets.

Our children appeared for a nationwide competency based assessment SAFAL which is a pilot project of CBSE for grades 3, 5 & 8. As part of NEP 2020, SAFAL (Structured Assessment for Analysing learning) was launched by our Honourable Prime Minister of India.

Seven boys and ten girl students from our school were selected by the committee for under -12 interstate Rugby Tournament, held in Markapuram, Prakasam district .Girls achieved bronze while boys made it to quarter finals. Students also participated in the inter district Rugby tournament held at Uppalapadu and won Gold medals in both boys and girls categories.

Students from class 1 to 10 attempted Olympiad tests and most of them achieved good scores .We are truly proud of the competitive spirit our students demonstrate in different domains.

It was a great honour to have our very own Planetary Scientist working at Goddard, NASA Mr.Ravi Kumar Kopparapu who analyses state-of-the-art atmospheric models and data from NASA's Kepler space telescope to identify possible habitable worlds .Our students followed his inputs ,with loads of curiosity and enthusiasm in the enriching session .

With the support from Parents and teachers, Children demonstrated excellent models and delivered informative presentations on the Science exhibits as part of the National Science Day Celebration .We congratulate and encourage students to continue exploring to reach next levels.

We firmly believe that ' all work and no play' brings down students potentiality .So ,our endeavour is to make each one of them enjoy outdoor activities to not only remain fit but also emerge as 'all-rounders' with a holistic personality development.

All the very best. May god be with you all.

Annual Day Celebrations (February 2nd 2023)

The first Annual day of Delhi Public School, Amaravati was celebrated on the 2nd February. It is an occasion of celebration, felicitation, feast and festivity where students showcased not only their grandiose performances but also received honours for their curricular and co-curricular achievements.

The first Annual day has been woven around the 'spectrum of life' remembering the diversity of life on earth and the need for peaceful co-existence.

Graced by the chief guests Mr.SVS. Lakshmi Narayana, Mr.G .Narayana Murthy and Mr. P. Rama Chandra Raju , the event was celebrated as grandly as the brand of DPS. The amiable presence of parents, witnessing the performances of their beloved participating, added a greater success to the event which was a blend of music, singing, dances, skits and fashion show.

Mrs. Usha Rani, The Principal, presented the annual report of 2022-23 and the pro-vice chairman Mr. Chukkapalli Ramesh garu presented the further infrastructural development in the campus to serve the needs of the pupils with international standards.

Pottery design, Garden, Mock parliament and making of bouquet

SAFAL EXAM

In commemoration of the first anniversary of NEP 2020, Honourable Prime Minister of India has launched SAFAL (Structured Assessment for Analysing learning), a competency-based assessment for grades 3,5,8.

Rugby Selection

Our students of U-12 category shined in inter district Rugby tournament held at Uppalapadu and bagged Gold medals in boys category and girls category respectively. Seven boys and ten girls were also picked by selection committee for inter state Rugby Tournament, held in Markapur, in which girls bagged bronze and boys reached quarter finals.

SPF Olympiad prize winners

Students from class 1 to 10 are encouraged to attempt Olympiad tests. A good number of students proved their capabilities by winning various medals in the competitive exam and brought laurels not only to themselves but also to our school.

World of Aliens

The students were fortunate to have an interaction with Mr. RaviKumar Kopparapu, the ASI, Planetary studies at NASA. Besides presenting his research findings, the scientist patiently answered questions raised by students about the presence of Aliens. Organised by young India(YI) the guest lecture stands as an inspiration for students to think about the life beyond our mother Earth.

NATIONAL Science Day

National Science Day is celebrated in India on 28th February each year to mark the discovery of the 'Raman effect' by Indian physicist Sir C V Raman.

The innovative science projects prepared by the students were displayed to be witnessed by all the students and the parents . Post lunch the National Science day event commenced. The event was infotaining and made all the viewers glad.
