

## **FROM THE PRINCIPAL'S DESK**

*News line of DPS Amaravati endeavors to showcasing humungous number of activities to keep the tempo of happy learning with thrust on activity based learning at the school and beyond.*

*We witnessed innovative ideas ,promotional skills ,team spirit , accountability and determination at the time of the Flea Market ,as always a huge success ,we moved on to the Summer camps in our Summer break with numerous activities to nurture their motor, cognitive and social skills .We had children practice Yoga , creative artistic activities, fireless cooking, best out of waste, hand writing, public speaking skills, indoor games and many more. Children during summer had an unforgettable experience of gaining new skills and mastering the old.*

*Our 10<sup>th</sup> class 2022-23 batch mesmerized us with their achievements this year with a 100% success rate and more than 60% of the class made it to 80% marks. Our affiliation with CBSE for 11<sup>th</sup> class, excellent faculty and collaboration with FIITJEE we ensure to escalate to greater goals this year.*

*We are proud of our dedicated faculty who proved themselves in different trainings during the summer such as Art Integration ,Classroom Management ,Value based education ,National Education Policy , Gender sensitisation and online workshops sponsored by CBSE.*

*Here at DPS Amaravati, we believe schooling to be stress free and at the same time children to be proactive at achieving their dreams. With continued enthusiasm from students and faculty, DPS Amaravati is determined to overrun its very own mark of excellence in the upcoming year.*

*May god be with you all..*

# Summer Camp

Summer camp is about growth and accomplishment and not just to keep the kids busy. Summer camp intends to keep the children cool with numerous activities which involves their motor, cognitive and social skills. DPS has a designed curriculum to be implemented during summer vacation. Beginning with the practice of Yoga, the curriculum includes - creative artistic activities, fireless cooking, best out of waste, hand writing, public speaking skills, indoor games and many more. The children who underwent the camp this summer had an unforgettable experience of gaining new skills and refine the skills that they had already gained.

# AP state Rugby Championship

A teacher should be like a flowing stream who quenches the thirst of students with fresh water always. Believing and being aware of the need and importance of constant learning by a teacher, we provide various opportunities for our teaching faculty to take part in various developmental workshops. As a part of this criterion, our faculty were part of the following workshops during the summer. 1. Art Integration at KLP public school 2. Classroom Management at Natco school 3. Value based education at 4. National Education Policy at RMS international school, Bengaluru. 5. Gender sensitisation at Viva school 6. Heartful teaching at our own premises Besides the above mentioned all of them engage in online workshops sponsored by CBSE. Our faculty are equipped with all the necessary skill set to take the vision of our founder forward.

The results you achieve will be in direct proportion to the effort you apply.

- Denis Waitely

The grade 10 results have held our head high in pride with 100 percent pass percentage of the first batch. There is something more important than results, that is a process. It has well been proved that a child can reap benefits through non-pressurised method as well. And our first batch students are the ambassadors of our method. We, along with the fraternity of DELHI PUBLIC SCHOOL, Amaravati with a great success in their future endeavours.

The key to growth is the introduction of higher dimension. DPS has added another feather in its hat of achievements by introducing class 11 with all the required equipment and faculty. We hope to make this introduction fruitful through the support of our stakeholders.
