

From the Principal's Desk

News line of DPS Amaravati endeavours to showcasing monthly activities designed to inculcate a happy learning with thrust on activity-based approach at the school and beyond.

It was great knowing our new parents during the orientation and appreciate their active participation in the interactive session. We once again warmly welcome them to the DPS Family.

We have introduced the Heartfulness programme to enhance social, emotional and spiritual health in the students this year and our faculty is all set to assist the children take steps, in the path of mindfulness.

Children prepared creative greetings using paper quills for fathers 'Their First Heroes' with their heart and soul taking the opportunity to demonstrate gratefulness on the Father's Day.

International Yoga Day was observed on June 21st, to recognise one of India's greatest contributions to the world here at our campus. Children were taught 'Asanas' to be practiced regularly as students for both physical and emotional strength.

Be it an essay writing, paintings or any form of arts& crafts prepared by your child during the month, please feel free to share with the school so that we can publish the best three of each month on our monthly newsletters.

We believe in modelling our life styles both at school and homes to inspire children towards positive mind sets and we thank you in advance for your co-operation.

Guntur

Orientation Program 2023-24

“Parents and Teachers together lay the path for students”

Welcoming new stakeholders in the fraternity of DPS, Amaravati an orientation has been organised to brief them about what DPS does for the holistic development of pupil. There was also a question hour to clarify doubts raised by parents. We wish all our new members a fruitful experience.

Guntur District senior chess selections

Chess teaches – ‘In the middle of every difficulty lies opportunity.’

Our students fared well in the Guntur district senior open and women chess championship. We bagged a good number of prizes beside being picked to the state level championship.

Congratulations to the achievers.

1. kaushik district 1st chess (champion)
2. Vyshnavi kartika district 1st women
3. Yashwant 1st under 13

Heartfulness Program

“Training the mind without training the heart is not education at all”

- Aristotle

Heartfulness teaching is a syllabus that has been made part and parcel of our curriculum from this academic year. This new program aims at instilling in the pupil ethical values, social responsibility and self-discipline practically.

To witness the successful and desired end of this programme, our faculty had undergone a two day training programme. This is the clear evidence of how we strive to educate child's mind and heart.

Maple Bear Training

'Maple Bear brings the best of Canadian bilingual education to world by offering high quality education.'

All the faculty, handling Maple Bear classes, have undergone a training for a week in order to upgrade skillset, teaching strategies and ever enduring subject knowledge. We endeavour to implement the best curriculum by the best methodology.

“ A Father’s smile has been known to light up a child’s entire day”

- Susan Gale

There is no better role model to a child than its father on occasion of Father’s day, the school has organised a creative act of designing a greeting using paper quills. The pupil have even surprised their father’s by presenting them along with heartfelt wishes.

The activity has revealed the amount of love a child has developed toward father while drawing out the creativity in him/her.

GRADE 10 FIRE LESS COOKING

Faculty Training programs

As a part of this criterion, our faculty were part of the following workshops during the summer.

- Classroom Management at Natco school**
- Value based education**
- National Education Policy at RMS international school, Bengaluru.**
- Gender sensitisation at Viva school**
- Heartful teaching at our own premises**

Besides the above mentioned all of them engage in online workshops sponsored by CBSE.

Yoga Day

“Yoga sanctifies both mind and body”

On 21st June, International Yoga day has been observed in our school with a sole aim of making yoga practice an integral part and parcel of every students life. Yoga has been elevated to great heights because of the proven physical and mental benefits it promises to it practitioner. Yoga is an inner journey.

On this day our students have been taught by demonstration and explanation various asanas/postures which are exclusively beneficial to the students.

Students Corner

“Where there is no opportunity, there is no creativity”

This year we are happy to add student corner in the newsletter which would aim at publishing the best creative works of students.

Paintings, essays, poems, etc of students are going to find their place in this prestigious newsletter.

We look forward for the parents collaboration in this regard.
